## SAFE SPORT

Swimming Canada believes that athletes, coaches, officials, support staff and volunteers have the right to participate in a safe and inclusive sport environment that is free of abuse, harassment and discrimination.

Swimming Canada is dedicated to providing a safe and inclusive environment, which involves promoting Open and Observable Environments. This means making meaningful and concerted efforts to avoid situations where a coach/official/staff member, etc. might be alone with an athlete. All interactions between an athlete and an individual who is in a position of trust should normally, and wherever possible, be in an environment or space that is both 'open' and 'observable' to others.

All participants in this event are reminded that they are bound by Swimming Canada's Policies and Procedures.

Swimming Canada would like to remind coaches and their athletes that deck changing is strongly discouraged. Athletes are asked to please use the facility's change rooms, or on-deck changing tents if available. Coaches are asked to also discourage deck changing and help keep the sport safe for everyone involved.

Any times achieved outside of Canada should be uploaded to the Results, Tracking and Registration system using the [International Results Submission form](#). Any Foreign teams with non-validated times in your meet entry submission report must be proven by the meet entry deadline. The Meet Entry Coordinator may challenge any entry time before or during the competition.

It is the responsibility of the club to prove any entry times if requested. Unproven entry times will result with swimmer's removal from the event.

Relay Events: All relay entry times must be proven by the meet entry deadline. Relay times will be proven as follows:

- Single Gender Relay Events: SNC rule 2.3 is not applicable for this competition. Individual relay splits will not be used. Where 4 individual times are not available within the qualification period, or where 4 names are not provided on a relay entry, the entry will be removed from the event.
- Mixed Gender and Female 13-14/Male 14-15 relays: No entry standards. Relay entry times must be proven utilizing swimmers entered in the meet by the meet entry deadline. The online system will be used to prove relay entry times. Any relay team NOT proven by the meet entry deadline will be entered NT.
- Paralympic Program relays: No entry standards and will be swum mixed gender. These relays will be eligible for medals but will not count towards team scores to allow clubs and/or provincial sections to enter relays. Relay entries will be accepted up to the scratch deadline for the session the relay is being swum, in order to accommodate any sport class changes due to classification. Swimming Canada Paralympic Program staff will support clubs and provincial sections in the final make-up of the relays. The deadline to let Swimming Canada Paralympic Program staff know you need support with relays is 1 hour after the technical meeting.

All athletes attending this event must bring picture identification in order to verify identity upon selection.

To avoid a positive test and the consequences of an anti-doping rule violation, athletes are encouraged to take the following steps:

- **Check your medications:** Use the Global DRO (<http://www.globaldro.com/>) to determine if any prescription or over-the-counter medications or treatments you are using are banned by the WADA Prohibited List.
- **Review your medical exemption requirements:** If you require the use of a banned medication for a legitimate medical reason visit (<http://cces.ca/medical-exemptions>) to obtain information and instructions about how to apply for a medical exemption.
- **Learn about the doping risks associated with supplements:** Do not use supplements or take significant precautions prior to doing so. Supplement products cannot be verified by the CCES or in the Global DRO. A lack of industry and government regulation makes it impossible to confirm their ingredients. Find out more at <http://cces.ca/supplements>.
- **Review the sample collection procedures:** This short video will take you step-by-step through doping control (<http://cces.ca/sample-collection-procedures>).
